

Focus Te Puke Presents

Growing Business Online A presentation on trends, tools and cost effective solutions for successful internet commerce

Use the Internet to grow your business

Online marketing, lead generation, website optimisation, on line advertising, social media - what it means and how you can implement cost effective solutions to grow your business. Our presenters will provide clarity and suggestions that will help deliver real results.

Our Keynote Speaker, Ken Brickley, has online business interests in the USA, New Zealand and Africa. He has extensive experience in online commerce, angel financing, online auctions and online fundraising.

He has developed lead generation technology that delivers optimisation of relationship marketing performance. His experience, expertise and passion will help you grow your business.
